

Disarray

Verse 1

What happens after this?
Where do I go from here?
Now that I'm on my own
Since you disappeared

Verse 2

One day you up and walk out
With all your things in tow
And so you left me wondering why
Never letting me know
Where'd you go? I'm in...

Chorus

Disarray! Disarray!
I don't know where I'm going
I'm turned around, I've lost the way
There's just no way of knowing, I'm in
Disarray! Disarray!
This spinning room's not slowing down
And I'm on the ground
In Disarray

Verse 3

Some people just collide
While others drift apart
It happens every day
You learn and make a new start

Verse 4

But was it something I said
I never knew so now
I doubting everything that I do
So Honey how about
You help me out, cause I'm in...

Chorus

Disarray! Disarray!
I don't know where I'm going
I'm turned around, I've lost the way
There's just no way of knowing, I'm in
Disarray! Disarray!
This spinning room's not slowing down
And I'm on the ground
In Disarray

Disarray

[Bridge]

Chorus

Disarray! Disarray!

I don't know where I'm going

I'm turned around, I've lost the way

There's just no way of knowing, I'm in

Disarray! Disarray!

This spinning room's not slowing down

And I'm on the ground

In Disarray
